Work Experience

Jo Byrns High School (Robertson County Board of Education)

January 2020 – Present

Sixth grade science & math teacher

I am responsible for designing and implementing lesson plans, teaching students the state mandated standards, maintaining class order and discipline, and collaborating and adjusting schedules with colleagues. Communicate with parents through phone calls, emails, or face to face regarding student achievement, behavior, and academics. Graded and returned papers in a timely manner. Participated in Professional Learning Communities, faculty meetings, after school activities and professional development.

I am also a Jr Beta Co-sponsor. We hold meetings with our members (6-8 grade students who meet high standards for academics and leadership amongst their peers) to help serve others. We also compete in the annual Jr Beta Convention in various events.
